West Valley City Storm Debris Cleanup

West Valley City – West Valley City will provide two dumpsters for residents to dispose of fallen tree limbs caused by overnight storms. Starting this afternoon, a dumpster will be placed at City Park (4500 W. 3500 S.) and another dumpster will be placed at West View Park (6100 W. 4100 S.). The dumpsters will be provided through Friday, November 26, 2010. Residents are welcome to bring fallen tree limbs to place in the dumpsters, but no other trash is allowed in the dumpsters.

Residents can also use the City's Bulky Waste removal service. More information on how to prepare waste to use this service can be found on the West Valley City's Sanitation Division website located at www.wvc-ut.gov/sanitation.

City crews will assist in clearing sidewalks, streets and other public right-of-ways, but they cannot help clear debris on private property. Also, City crews cannot remove fallen utility poles or street lights. Residents are advised to contact the proper utility company to assist in removing fallen poles and street lights.

If residents wish to request a dumpster, they may contact Ace Disposal at 801-363-9995. To report a storm debris problem to West Valley City, please call 801-955-3720 during regular business hours (Monday-Thursday 7:00 a.m. to 6:00 p.m.) and 801-986-0280 after hours.
